Review of Indicators & Essentials

Contingency Plan:
- Not fully implemented at local level
- Lack of access & awareness
- Lack of local level workshops

Training & Drills:
- Lack of regular practices
- No of trainings should be increased at local level
- Not seriously taken by the stakeholders

Emergency Operations Centre:
- Gaps in co-ordinations, implementation & distribution of information
- Lack of logistics

Shelter & Stockpiles:
- Lack of assembly points for disaster affected people
- Stockpiles are still not available

Community Continuity:
- No provisions in national policy making

Government Business Continuity Planning:
- Yes, we have the system
- Interdepartmental Co-ordination

Proposals:
- Stakeholder workshop should be increased
- Development of training & skills should continue
- Emergency responsiveness should be improved
- Shelters and stockpiles are required more in urban and rural areas
- Local institutions should be integrated
- Integration of interdepartmental coordination
- Implementation of government business continuity planning
