国際復興フォーラム2014
～災害復興における官民連携～

Date: 21 January 2014 (Tuesday) 9:30-17:30
Venue: Kairaku Room, Portopia Hotel, Kobe, Hyogo

Backgraund & Objective

The discussions at the Forum will dwell on the role of sectors in disaster recovery. It will highlight the experiences and lessons of various sectors, including businesses in the public and private sector as well as the initiatives that gather the disabled and civilian citizens, and allows the injured and sick. The information that is provided will inform the recovery components of the sector framework. The discussions will inform the recovery components of the sector framework. It will be presented at the 3rd World Conference on Disaster Risk Reduction in Tokyo, Japan.

This effort will also provide venue for policymakers and practitioners to share knowledge and experiences on recovery operations as well as lessons on addressing emerging challenges and gaps. The lessons that are shared will be presented in this event will serve as examples for others, as those that will help learning from disasters by conscious application of these lessons to similar situations.
